For writing programs committed to preparing students for the full range of disciplines they will enter, An Insider's™ Guide to Academic Writing presents a proven pedagogy that helps students to adapt to the academic writing tasks of different disciplinary discourse communities. The pedagogy features a series of flexible, transferable frameworks and concrete connections to the disciplines including unique Insider's™ video interviews with scholars and peers. Based on the best practices of a first-year composition program that has trained hundreds of teachers who have instructed thousands of students, An Insider's™ Guide to Academic Writing offers two books in one: an innovative rhetoric of academic writing (available as its own book), and a thematic reader that foregrounds real readings from the disciplines.
