

The apocalypse has arrived. The zombies surround us, drawn to the pulse of creative spirit, hungry for destruction. We need heroes. Strange as it may seem, Art of the Living Dead is a book about creativity. It is a guide for protecting the living parts of your brain. Why is there so much opposition to innovation? Why does creativity come so easily for some people? Why do the relics of the past survive when better alternatives are created? Where does creativity come from? How can we maintain artistry when we work for pulseless corporations? How many revolutionaries have we missed because humanity's collective scorn downed their creative ambition? These answers to these questions will change how you look at art, advertising, car design, education, fame, and success. Is there hope for a civilization rocketing through space oblivious to whether our ship is heading up or down? Order Art of the Living Dead today and find out. Protect your brain, my friend. This could get messy...
