

Discourse Perspectives in Organizational Communication brings together researchers from the social sciences and humanities to look at discourse and how it shapes organizations and their social actors. Unlike others in the field, this book assumes that language creates and constitutes reality, rather than simply mirroring or describing it. This collection illustrates the variety of organizational phenomena that might be studied and the range of epistemological and methodological approaches that might be used in discourse analysis techniques.

Doctor When You're Sick You're Not Well, The Bible As/in Literature, Too Big For Fraud (Crisis of the Day Short Stories Book 1), Working with Millennials: Using Emotional Intelligence and Strategic Compassion to Motivate the Next Generation of Leaders, Guide vert Ecosse [green guide Scotland] (French Edition), Get The F@k Out Of Bed, Exercises for Playing with Your Universe (How to Create Your Own Universe), Grief Sucks, How to Retire Happy, Fourth Edition: The 12 Most Important Decisions You Must Make Before You Retire: The 12 Most Important Decisions You Must Make Before You Retire, Conflict Trade: The Private Sector and Contemporary Wars (Human Security in the Global Economy),
