

El contrato de trabajo viene determinado por dos elementos centrales -el tiempo de trabajo y la retribucion salarial correspondiente- sin los que resultaria irreconocible. Por esta razon, la jornada de trabajo se constituye a la vez en determinante y limite de la prestacion debida por el trabajador, pudiendo afirmarse, por tanto, que el tiempo de trabajo es la deuda, que el trabajador debe pagar a su empresario, por el abono de su salario, al igual que la retribucion es la deuda, que debe satisfacer el empleador, como contrapartida al tiempo de trabajo prestado por el trabajador.
