

Action learning has quickly become a tool used by organizations for solving their critical and complex problems. Dr. Michael J. Marquardt explores innovative ways that action learning can be applied to the corporate landscape. By exploring key principles and best practices that move action learning from good to great, Marquardt highlights resources for transforming people, groups, organizations, and even entire communities. Calling upon his pioneering experiences and the fundamentals introduced in his bestseller *Action Learning in Action*, Marquardt delivers the next generation of tools and techniques to make action learning successful in any organization. This comprehensive guidebook builds on the real experiences of thousands of managers in hundreds of companies, explores recent innovations in the field, and demonstrates how the power of action learning can help any organization thrive in today's fast-changing global marketplace.
