

Updated with latest exam changes based on PMBOK 5th Edition As an experienced highly rated PMP Exam preparation course instructor and Subject Matter Expert (SME) to the Project Management Body of Knowledge (PMBOK) 5th Edition, Daud Nasir PMP researched and developed these mock tests so as to make them as realistic as possible. These highly successful simulated online tests have now been put into an eBook format for Kindle readers. The feedback from PMP candidates who have taken these mock tests has overwhelmingly confirmed that they are closely comparable to the actual exam and definitely boosted their PMP score. You get 3 full length PMP mock tests (a total of 600 questions) with answers and detailed explanations of why one choice is best and the other three are not. Each 200-questions 4-hours test not only helps you build the stamina for the actual exam but also provides you a much realistic assessment of your preparation. In this kindle book, each question starts on a new page and shows complete question with choices on the same page in most cases; this way you can focus on the question without jumping back and forth between eBook pages. Each question and its answer & explanation is hyper linked so you do not have to flip pages to move back and forth. Daud is a Project Management Professional (PMP), Lean Six Sigma Black Belt (LSSBB), Agile Project Management (Cert. APM), and ITIL Foundation certified. He has extensive experience in project management, project portfolio management and related domains. Daud is a passionate instructor and teaches courses in PMP exam preparation, advanced project management, PMO, Microsoft Project, Business Analysis, etc.
