

This is an entirely new selection of Keats's finest poetry containing all his best known work as well as a sample of less familiar pieces. Keats published three volumes of poetry before his death at age twenty-five of tuberculosis and, while many of his contemporaries were prompt to recognize his greatness, snobbery and political hostility led the Tory press to vilify and patronize him as a Cockney poet. Financial anxieties and the loss of those he loved most had tried him persistently, yet he dismissed the concept of life as a vale of tears and substituted the concept of a vale of Soul-making. His poetry and his remarkable letters reveal a spirit of questing vitality and profound understanding and his final volume, which contains the great odes and the unfinished *Hyperion*, attests to an astonishing maturity of power.
