

Lets face it, just because I stick out my tongue a lot and spit fire doesnt mean I have any qualifications to advise anyone on relationship, money, or career issues. I dont. Yet Ive lived with a beautiful woman for twenty years with never a cross word between us, in a relationship based on honesty and full disclosure. Ive amassed a fortune -- and expert business people work for me. And for three decades Ive been in KISS -- a band that has scaled the heights and broken every possible record, from album sales to touring to merchandising and licensing. What I have and have always had (thanks in full to my mothers wisdom) is an abiding faith in me. Call it a life philosophy: a philosophy about money (mine!) and happiness (mine again). It works for me. It can work for you!
