Science has proven that what you say means very little. Itâ€™s your body that talks for you. We subconsciously express ourselves through movements and gestures, postures, eye movement, facial expression, touch, and other elements of body language. And in this book, you will learn how to use body language to your advantage. Body Language Guide Book is a powerful tool will change your life. This book will give you the skills you need to read people so you know what they are thinking and feeling. This book will improve your relationships, double your dating, take your career to the next level, and even make you a master in interviews. And itâ€™s easy. The Body Language Guide Book shows you everything you need to know about body language so you can read people, so you can know what people really mean and whether they are lying. The skills you learn in this book will significantly improve your communication skills, your social interaction, and your relationshipsâ€”whether business or pleasure. This book will change your life.
