

In 1979, a movie was released that was to capture the imagination of the world, and become a science fiction classic... Alien. This exciting book takes you right behind the scenes of Alien and talks to the key people involved, including H. R. Giger and director Ridley Scott. It shows every creative stage, through designs and sketches, models and costumes, that went into such a unique vision of the future, and graphically demonstrates why the movie won an Oscar for its visual effects.
