

Unfortunately, a divorce is akin to a war; one does not go to battle without being sufficiently prepared and without considering every strategy prior to engagement. In *Winning Divorce Strategies*, author and attorney Brian D. Perskin details the tactics his firm has learned and the mistakes he has seen in divorce cases with the goal of maximizing your happiness and ensuring you achieve the best possible outcome. From filing for divorce through the trial, *Winning Divorce Strategies* provides guidance to help you avoid the pitfalls of divorce and to help you prepare a game plan to take control of your divorce. It provides information on: choosing a lawyer; deciding to litigate or negotiate; recognizing the opposition; filing and serving papers; being prepared; making financial decisions; winning custody strategies; and negotiating a win-win settlement. Through experience gained from real-life situations, Perskin shares the divorce secrets he has discovered and details the tactics that have been designed to ensure you are in the best possible position throughout the case.
